

L'Etoile Properties advised on the letting of approx. 1,400 sq. m. to Vondelgym in The Atrium in Amsterdam on behalf of Amundi Real Estate

Amsterdam, 28 September 2018 - Vondelgym has signed a lease for approx. 1,400 sq. m. commercial space in The Atrium on the Zuidas in Amsterdam. Vondelgym will settle on the ground floor of the nearly fully occupied multi-tenant building which is owned by a fund managed by Amundi Real Estate. Currently the building facilitates a unique full-service complex with a restaurant, approx. 1,500 sq. m. meeting room center and a brasserie. With the arrival of Vondelgym, a new facility will be added to the building and neighborhood.

Vondelgym offers a gym and daily group classes, clinics and 1 on 1 trainings to help members with their development, and to provide stimulating information about training, techniques, nutrition and health. The gym on the Zuidas will be the third location for Vondelgym, next to its first location at the Overtoom and their second location at the Wibautstraat.

The Atrium is one of the highest quality office buildings in Europe. The building was one of the first in the Amsterdam Zuidas, originally built in 1976, and is a well-known monument. Previous years G&S Vastgoed expanded the Atrium with two brand new office towers. L'Etoile Properties advised Amundi Real Estate in the marketing/letting of the building.
